SUMMARY

In July, 4.8 million persons in family groups including 63,000 persons in Puerto Rico, the Virgin Islands and Hawaii participated in AMA food programs; .5 million children participated in the School Lunch and Summer-Camp Programs. Food distributed: 145.5 million pounds valued at 11.5 million dollars.

- 1. FOOD STAMP PROGRAM. Participation: 2.6 million persons. Issuance: orange stamps, 14.1 million dollars; blue stamps, 7.7 million dollars; per capita blue stamp issuance, \$2.95. Food purchased with blue stamps, 106.2 million pounds.
- 2. <u>DIAECT DISTRIBUTION PROGRAM</u>. Participation: 2.2 million persons in family groups; .4 million persons in institutions and special groups. Food distributed: 36.4 million pounds valued at 3.5 million dollars.
- 3. SCHOOL LUNCH PROGRAM. Participation: 311,000 children in 4,000 schools. Foods distributed: 2.9 million pounds valued at .3 million dollars. Participation in children's camps and recreational projects, 216,000 children in 1,800 projects. Food distributed: 2.5 million pounds.
- 4. SCHOOL WILK PROGRAM. Estimated number of participants: 120,000 children in 126 areas.

The Food Stamp Program

EXTENT. The Food Stamp Program was in operation in 1,445 counties and 88 city areas in July, including 5 counties opened during the month. 78 million persons, 59.5 per cent of the total United States population, live in operating areas. Of 3,969,000 eligible persons, 2,602,000 or 66 per cent participated. This was a decline of 252,000 persons from the June total.

STAMP ISSUANCE. Of \$7,675,000 in blue stamp issuance, \$458,000 less than in June, the West received 13 per cent; the Midwest, 30 per cent; the Northeast, 31 per cent; and the South, 26 per cent.

The decline in participation and blue stamp issuance for July marks the fourth consecutive mont of the present downward trend, and is attributed to the usual seasonal factors, augmented by the war and the progress of recertifications by many states. The decline in blue stamp issuance was greatest in the South, \$149,000; in the Midwest it was \$137,500; in the Northeast, \$91,000; and in the West, \$81,000.

The average per capita blue stamp issuance was \$2.95, 10 cents more than in June. Orange stamp issuance in July: 14 million dollars, \$5.43 per capita, a \$1,108,000 decline from June. "Free blue" issuance: \$10,450 to 8,800 persons, \$1.19 per capita, a decline of \$14,000 and 13,700 persons from June.

BLUE STAMP PURCHASES. July purchases: '106.2 million pounds valued at 7.7 million dollars. The percentage of blue stamp money spent for commodities reflected certain seasonal changes from June to July, with more money spent for fruits and vegetables, less for butter, eggs and cereals. The percentage of money spent for butter, 17.2 per cent, eggs 20.2 per cent, cereals decreased from 20.2 to 17.0 per cent, vegetables increased from 26.8 to 31.3 per cent, and fruits increased from 12.7 to 14.3 per cent.

Blue stump money expended during the month decreased 5.6 per cent from June, total quantity of food purchased increased 1.5 per cent. The increase in total food purchased, which is in contrast with the decrease in total expenditures, is attributed to the increases in percentage of purchases of fruits and vegetables.

BLUE STAMPS ISSUED TO EDUCATIONAL AND DEMONSTRATION PROJECTS. Issuance of blue stamps to Educational and Demonstration Projects was reported by only two regions in July, and totaled \$1,617.50. In the West, July issuance was \$142.00; in the South, \$1,475.00.

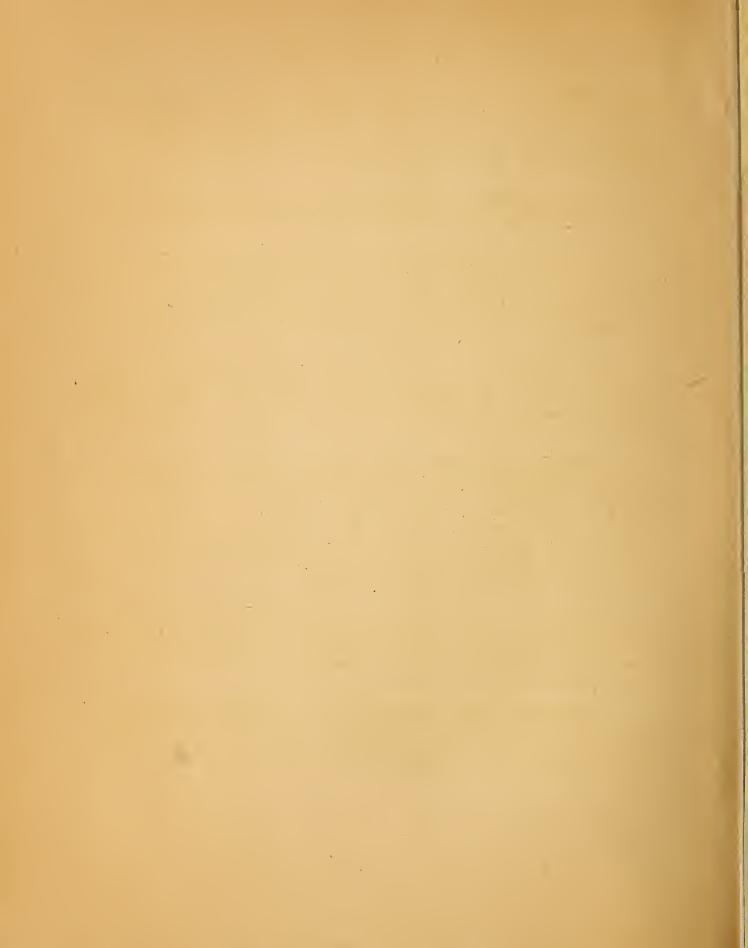

TABLE 2. NUMBER OF PERSONS CERTIFIED AND PARTICIPATING IN THE FOOD STAMP PROGRAM AND VALUE OF ELUE STAMPS ISSUED, BY STATES, JULY 1942

/1 Retail quantities adjusted to include estimated wastage occurring in process of distribution.
/2 Converted to pounds in totals.
Note: Data presented in this report are subject to revision. Blue Stamp purchase data for the Virgin Islands not included in this table.

Direct Distribution Program

EXTENT. Participation: 2.2 million persons in family groups including 58,600 persons in Puerto Rico and Hawaii; 53.6 per cent of the participants in the continental United States were in the South; only 1.2 per cent in the West. Participation in July 1941: 5.6 million persons. Also participating this month: 344,000 persons in 600 institutions and organizations; 77,000 persons in household aid and demonstration projects, NYA resident training camps and others.

A sharp decline in participation was reported by Puerto Rico, changing from 473,126 participants in June to 53,581 participants in July. A corresponding decline in volume of food distributed may be at least partially attributed to limitation of shipping facilities.

FOODS DISTRIBUTED. Quantity: 32.5 million pounds to families, 4 million pounds to special groups. Estimated retail value for family and all special groups: 3.5 million dollars. Foods distributed to approximately 50 per cent of the caseload in June (the latest month for which detailed data are available) include evaporated milk, cereals and flour, oranges, prunes, dry beans, sweet petatoes and onions.

School Lunch Program

EXTENT. Participation: 311,000 children in 4,400 schools, approximately 1 per cent of school enrollment in the United States. In July of last year 291,000 children in 4,100 schools participated.

In addition to summer feeding activities under the School Lunch Program, 216,000 children in 1,800 children's camps and recreational projects also participated, 12 per cent less than July of last year. A total quantity of 2.5 million pounds of food was distributed to camp projects.

FOODS DISTRIBUTED. 2.9 million pounds of feedstuffs with an estimated retail value of .3 million dollars were distributed to School Lunch Programs. Foods distributed to 50 per cent or more of the participating children in June were evaporated milk, cereals or flour and oranges. Items issued to about one-third of the participants included butter, eggs, grapefruit juice, prunes, canned pork and beans, and canned tomatoes.

School Milk Program

With the close of the school year, operation of the School Milk Program was continued only in 4 areas: New York, Washington, Boston and Manchester, but contracts were signed with 122 sponsors for camp and playground milk programs for the month of July. It is estimated that approximately 120,000 children received milk under the program during the month.
